9–13 May, 2003

Seventh EILAT Conference on New Antiepileptic Drugs (EILAT VII)
Sardinia, Italy

The conference program is designed to provide critical reviews and updated information about new antiepileptic drugs (AEDs) that are in different stages of development, as well as to present progress reports on recent findings concerning marketed new antiepileptic drugs. In addition, sessions will be devoted to Advances in the Pathophysiology of Drug Resistance; New AEDs in Pediatric Epilepsy Syndromes; Modes of AEDs Action and Spectrum of Adverse Effects; A Re-Appraisal of Comparative Responses to AEDs Combinations.
